

STORMHARBOUR

StormHarbour Announces Raft of Senior Appointments in the US and UK

Thursday, 23 December 2010 00:00

StormHarbour has further expanded its experienced team with the addition of 30 senior professionals in its US and UK businesses, taking global headcount of the firm to over 180.

The new appointments from bulge bracket banks and boutique financial services firms are the latest StormHarbour has made to its global team this year and comes shortly after it announced the launch this month of its Tokyo office and Japan broker-dealer – StormHarbour Japan Ltd.

From launch in 2009 StormHarbour has grown rapidly and today has over 180 senior professionals across its core businesses of sales and trading, structuring and advisory, capital markets and asset management, and a significant presence in the six major financial centres.

In the US, 18 senior professionals have joined StormHarbour across Client Solutions (Structuring and Advisory), Capital Markets, Fixed Income Sales (Sales and Trading) and Research.

In the UK, 12 new senior professionals have joined StormHarbour across Fixed Income Sales and Trading, Research and Operations.
